PENNSYLVANIA AUTOMOTIVE ASSOCIATION

TO: Dealership Personnel and Their Immediate Families

RE: **Pennsylvania Automotive Association Community Service Scholarships**

The Pennsylvania Automotive Association, through a fund within the PAA Foundation, awards scholarships to young people who demonstrate charitable characteristics on a continual basis, volunteering their time and their talents to their communities, schools, churches, and other charitable organizations.

Applicants should demonstrate involvement through their essays, reference letters and resumes, detailing projects and organizations which they support.

The PAA Community Service Scholarships are available to the children, step-children, and grandchildren of Pennsylvania new car and truck dealership personnel. Dealership employees are also eligible to apply so long as they will remain employed at the dealership during their education. Those students who are high school seniors graduating in 2018 or who are currently enrolled as undergraduate students are eligible to apply.

Recipients enrolled in degree programs at community colleges or four year colleges and universities will be eligible to receive awards of up to \$5,000 per year for two years, and may reapply for subsequent undergraduate years.

Applicants must satisfy the criteria listed on the enclosed information sheet and provide all requested information. The selection process is heavily weighted to those students who display charitable intent through their documented commitment to those in need in their areas. Some consideration will also be given for involvement in other extracurricular activities such as sports, music, and arts, as well as other school or community related endeavors and employment.

Applications must be completed by March 1, 2018, and mailed with appropriate postage to

GUIDELINES FOR APPLICATION

In addition, dealership employees who will remain employed full time at the dealership during their education are eligible to apply.

Initial Application:

The PAA Scholarship Committee will review scholarship applications that satisfy the following criteria:

1. Applicant must be the child, step-child or grandchild of an employee, or the employee, of a franchised new car or heavy-duty truck dealership in Pennsylvania. The employee must be employed by a dealership for a minimum of one year as of **January 1, 2018** and must still be employed at a dealership when the scholarship is awarded. Neither the employee, nor their extended family, may hold any stock or ownership in the dealership.
2. The applicant must demonstrate academic achievement of a cumulative GPA of 2.5 or higher (on a 4.0 scale).
3. The applicant must document involvement in community service activities, on a voluntary basis, with charitable organizations and institutions, schools, churches and other groups that provide care, services and relief to those in need in their communities.
4. The applicant is also encouraged to document participation in other activities or organizations such as sports, music and arts, Girl and Boy Scouts, church or religious related groups and other pursuits and interests that are beneficial to the welfare of the community or individual.

The amount of the scholarship is up to \$5,000 per year. The scholarship will automatically be renewed for the second year if the student continues to be enrolled as a full-time student in good standing with a GPA of 2.5 or higher throughout the academic year and the parent, guardian or recipient continues to be employed at a Pennsylvania new car or truck dealership.

Instead funds will be paid directly to the institution to be credited to the individual student's account.

Two disbursements of \$2,500.00 will be paid for the fall and spring semester during each applicable academic year. The disbursements are paid to the post-secondary institution after the drop/add timeframe, which is mid-September and mid-January. Prior to disbursement, PAA must receive a copy of the invoice and student transcripts. Both the invoice and transcripts must be received for every disbursement. Student must supply documentation of enrollment/matriculation from the institution prior to the first disbursement.
